

Automotive Technician

Training Provider: Catholic Charities
Program Address: NCIA
Herbert Hoelter Vocational Training Center
301 S. Central Ave.
Baltimore, MD 21202

Potential Job Title:
Automotive Technician

Average starting wage:
\$20.00/hour

Program Description:

The Automotive Technician training program provides vocational technical training & certification to enrolled participants in the specific area of Auto Mechanics. The training will be for 15 weeks/240 hours per cohort, will be in-person, and 50% of the instructional time will be devoted to hands-on training.

Credential or Certification Earned:

- ALL DATA Certifications
- DAYCO Drive Belt Certification
- ESCO Section 609 – Air Conditioning & Refrigerant Recovery
- ASE

What do Automotive Techs do?

Automotive technicians inspect, diagnose, repair, and provide preventative maintenance for automobiles. Automotive technicians can work in automotive service centers, in fleet maintenance at transportation companies, or in car dealerships and automotive part distributors.

To be admitted to this program, you must:

- Demonstrate a passion for--and ability to do--physical work
- Attend a two-week workshop series for job readiness with Catholic Charities as a part of course preparation
- Complete an online skill assessment

Following registration, interested students must take a math and reading test and attend an orientation session held at the training site. Possession of a driver's license is not required for this course, but an ability to obtain a driver's license is important for obtaining employment following the training. Obtaining a license also makes it easier to pursue additional, advanced technician training opportunities.

Important Dates:

Please contact G2C staff for the most up-to-date cohort dates, and to determine whether the start dates fit in with your scheduling needs.
